

Name:

Final Project Presentations - Audience Reflection

Directions: Choose two different projects, and answer the following questions.

1) What is the name of the game?

2) Who were the creators of the game?

3) What challenges do you see in making this project? -- Think about how you would have done it, what would have been different, what might have made it easier or harder to do. Use examples from the game and vocabulary from the class to support your thoughts.

Outcome	NY Criteria	MS Criteria	ES Criteria
Argue - I can build a case for and defend conclusions I have reached, based on sound logic and valid evidence.		__ I am able to develop an argument by using valid and varied supportive texts (including vocabulary) or pieces of evidence	__ I am able to write a well-developed argument by using valid and varied supportive texts or pieces of evidence that demonstrates a very strong understanding of the topic
